Student Guidelines

1. All students are required to **report on time** for the test. Timely arrival is essential to begin the test without disruptions. Students must report at least **30 minutes before** the test. **Latecomers will not be accommodated** for any technical issues.
   a. For example, if your test is scheduled for **09:30 A.M.**, you must report to your respective venue by **09:00 A.M.**
   b. If your test is scheduled for **12:00 Noon**, you must report by **11:30 A.M.**
   c. If your test is scheduled for **02:00 P.M.**, you must report by **01:30 P.M.**
2. All students must bring a **valid identity card** for verification purposes.
3. Bring your **fully functional laptop** along with its **charger**. Ensure that your laptop is either **fully charged** or **plugged into power** throughout the test.
4. Use only the **official LPU networks** available in your room, such as **LPU Wireless, LPU Block-34, LPU Block-38**, etc. **Under no circumstances** are you allowed to use any other network (e.g., hotspot).
5. Install the **latest version** of **NeoBrowser (i.e. Version 1.1.5)** and **NeoChecker** before taking the test. Using an outdated version may cause compatibility issues. Ensure that the IamNeo platform is working on your laptop at **least a day before** the test.
6. Do not open any **other windows or applications** on your computer during the test. Keep your focus solely on the test screen.
7. Ensure that **no background applications** are running except for essential OS processes. **AI tools and screen-sharing applications are strictly prohibited.**
8. A **mandatory MOCK TEST** has been assigned to all students for **CSE310**. Every student **must attempt it** before appearing for the continuous assessment.
9. For **CSE310**, if you experience issues with **NeoBrowser**, **create a separate user account** on your laptop **before the test**, with no other applications installed, to ensure smooth functioning.
10. The assessment consists of **two sections**:
    a. **Section 1**: 10 MCQs
    b. **Section 2**: 2 coding questions
    c. Section 2 **can only be attempted after submitting Section 1**, which will be locked once submitted.
    d. There will be **no negative marking** for any question.
11. The **visible test duration** on the platform is **1 hour**, but you will get **only 40 minutes** to solve the questions. The extra **20 minutes** are provided to handle technical issues.

12. **Students are not allowed to leave the room** until the test is completed. **Washroom breaks are not permitted.**
13. **Mobile phones, bags, and other belongings** are strictly prohibited inside the examination room. Only your **laptop and charger** are allowed.
14. An **access key** will be provided for each test, which will be entered by the invigilator on the student's laptop.
15. **Disable pop-ups** in your browser settings before the test to avoid distractions.
16. **Clear cookies and cache** from your system before starting the test to prevent technical issues.
17. Do not use **Bluetooth devices** such as headphones, earbuds, a wireless mouse, or a keyboard during the test.
18. **Strict action will be taken against students using AI tools, DevTools, WhatsApp, Instagram, or any other unauthorized applications** in the background during the test. **Students caught violating this rule will receive 0 marks in the assessment.** Excuses such as **"It's someone else's laptop"** or **"The application was installed but not running"** will not be accepted. It is the **student's responsibility** to comply with all these guidelines. **Failure to do so may result in exam cancellation and disciplinary action.**
19. **Any form of cheating or unfair means** during the test will lead to **serious consequences**, including being reported for **UMC (Unfair Means Case).**
20. **Disable unnecessary startup applications** in Windows settings before the test.

21. All students **must fill out and submit an undertaking** to their respective faculty members before the test. A **hard copy** of the undertaking will be

provided during the exam. **Without submission, your assessment will be cancelled.**

22. **No queries will be entertained after April 5th, 2025**, regardless of the situation.
23. In case of any issues with the CSE310 exam, report **IMMEDIATELY** after completing the test to **Room No. 34-413.**
